floodlight urban lighting

Series of pole-top floodlights from minimalist form, both for the lines and for volumes that are discreet and pleasing to the eye. Tarsius is equipped with a swivel adjustable with a pitch of 10°. A product designed

to illuminate public areas, squares, car parks, cycle paths, it is also available in a version with smart driver which self-reduces the flow after midnight. Tarsius is normally installed on poles with a height ranging between 4 and 8 meters.
