wall recessed step light bollard

Wall mounted step marker with great elegance and ability to play with the environment light when switched off, due to the side winglets that draw the profile. Available in three different shapes (square, rectangular and round) and with specifically engineered

optical system to have the widest opening beam. Team can be powered by a cable from the wall or can be composed in series by connecting elements with an external line. The product is available as a bollard, with single and double emission.
